SATURDAY, APRIL 30, 1864.

THE FRENCH MAILS.

The 'Saintonge' arrived at 10 a m yesterday with dates from Paris 22nd March, and New York 9th March The most important news is from the seats of war in Denmark, and the U States, (both given in another column).

In England there was a close division on the Stanfield-Mazzini question which was made a plea to attempt ousting Lord Palmerston; the votes were: for Government 171, Opposition 161. Garibaldi left Caprera for the Isle of Wight, March 22nd, and is about to make a tour of England: it is not supposed he will visit Ireland. Messrs. Glynn, Mills and Co. have made the Mexican Loan (eight millions sterling) at 6 per cent and 27 per cent discount.

An awful calamity has taken place near Sheffield, owing to the bursting of a reservoir—mills, houses, and villages, have been swept away, and hundreds of persons drowned: 281 corpses have been collected, and 80 more are missing. A like accident has occurred at Glasgow, from the flooding of the Clyde, and several lives lost. A third calamity has befallen Manchester, where a druggist's premises blew up, and several people were killed. The Emperor of Mexico arrived in London, from Paris, and dined with the Prince of Wales and King of Belgium. The Duke of Cornwall was christened on March 10th. The sponsors were the Queen, and the King of Belgium. The names given were 'Albert, Victor, Christian, Edward.'

There is little of importance from the Continent. The Austrians have concentrated 160,000 troops in Italy. The Pope has recovered, the tumour on his leg having been operated on. Victor Emmanuel is forming two camps, 80,000 men each, at Bologna and Pavia. The Count of Paris (grandson to Louis Philippe) has married the Infanta Maria Isabel of Orleans. The Polish rebellion continues, and the Danubian principalities heing supposad to aid it, the Russians have stationed 600 troops on the frontier Galitzia is in a state of siege.

AMERICA.

New York, March 9, 1 p.m.

In the absence of official information from General Sherman, most unfavourable reports continue to circulate. One account *via* New Orleans, states that on the 16th ult. he was defeated near Meridan, with the loss of 15,000 men, and that, with the remnant of his army, he was retreating to Vicksburg, pursued and harrassed by a large force of Confederate cavalry.

Travellers who left Vicksburg on the 3rd inst. assert that he had arrived in that city, but do not state whether with the whole or a part of his army.

The Confederate Generals Magruder and Taylor, with 20,000 men, are reported to be advancing into Eastern Louisiana, from Berwick's Bay.

Admiral Farragut opened fire upon Fort Powell, or Daughin Island, commanding Grant's Pass Channel to Mobile, at daylight on the 23rd ult One Federal gunboat was sunk, but the result of the bombardment is unknown.

Confederate telegrams from Charleston of the 4th report that 1,250 Federal shells had been fired at the city during the previous fortnight, but without doing any damage. Blockade running had been actively resumed and an average of two vessels weekly had succeeded in reaching the city.

The Confederates, under General Pickett, are again threatening Newbern, Plymouth, and Washington, North Carolina. Four Confederate rams, plated with ten inches of iron, and carrying four guns each, will co-operate with the land forces.

The steamers S. P. Thomas, Titan, and Sollar, plying on Chesapeake Bay, were captured by the Confederates on the 5th inst., and taken up the Rappahannock.

One of the four Federal colonels killed in Kilpatrick's recent raid upon Lee's communications was a son of Admiral Dahlgren. On his dead body were found an address and instructions to the soldiers under his command, which declared that when once they were in Richmond the city must be destroyed, and Jefferson Davis and his Cabinet killed.

General Meade has been summoned before the War Investigation Committee, in consequence of statements by General Sickles and Doubleday that Meade ordered a retreat of the Federal forces on the first day's battle at Gettysburg, and again on the second, which orders only failed to be executed through General Sickles engaging the enemy. Meade is also accused of having expressed the opinion that the Confederates could not be conquered.

Admiral Wilkes is also to be subjected to a court martial for disobedience of orders and insubordination.

General Grant has arrived at Washington and been received by the President whom he met for the first time.—'Brazil and River Plate Mail.'

THE WAR IN DENMARK.

Copenhagen, March 21, 11.7 a.m.—Serious fires have occurred in Fredericia in consequence of the bombardment. Ten Prefects of Jutland have been sent off to Prussia. The *Dagblad* of to-day violently attacks the Ministry on account of its accession to the proposed Conference

Prussian Head Quarters, Kolding. —March 21.—The batteries before Fredericia were finished and armed during the night between the 19th and 20th inst The Danes made a sortie during the night. which was repulsed. The bombardment of the town was commenced at 5. 0 a. m yesterday. A cannonade was also kept up against the Danish encampment. The shots told very well, and the town was set on fire in several places. Several of the enemy's guns were dismounted. Their fire was moderate and ineffectual. One Austrian was wounded.

Evening.—The bombardment of Fredericia continued all last night and to-day. The town caught fire in several places. According to the statement of deserters, about 200 men were killed and wounded in the fortres yesterday.

The Conference on the Dano-German Question.

Copenhagen, Monday, 21st, 7.52 p.m. The *Berlingske Tidende* of to day in a semi-official article says:—"The Government has not acceded to an armistice, since the surrender of Duppel could not be entertained; and to make the present position of affairs the basis for a suspension of hostilities is equally impossible.

Vienna, Tuesday.—The *Oesterreichische Zeitung* of to-day states that the Conference on the Danish question has been accepted by Austria and Prussia without any settled basis of negociation being laid down, and without an armistice being agreed to. *River Plate Mail,*

EXPORTS OF B. AYRES 1862.

The total number of vessels which left this port, during the year, was 688; of which 549 with cargo, and 139 in ballast, being as 11 to 3. Although those in ballast may seem to form a large ratio, it is a great improvement in trade on that of the previous year when the proportion was: with cargo 4, in ballast 3. The American war has evidently had much influence, for we find a larger proportion of vessels leaving in ballast belong to that flag than to any other. Comparing the two lists in the several nationalities we find the percentage of each as follows: of American tonnage cleared hence 32 p%. was in ballast, of Brazilian 24 p%., of Spanish 20 p%., of Dutch 15 p%., of English 13 p%. of Italian 13 p%., of French 12 p%.

The total export tonnage was thus: with cargo 159,958: in ballast 41,535.

The exports for 1862 were valued at 260 millions dols mjc which at the then rate of exchange made £ two millions sterling, or twelve per cent less than the returns for Montevideo same year, and from 20 to 30 per cent less than the actual taxation of the Argentine Republic These figures irrefragably prove the lazy, unproductive, character of the country, and the frightful amount of money wasted in the public service.

The proportionate value of the different exports is as follows: wool 40 p%, hides 20, oil and tallow 9, jerked beef 5, sheepskins 5, horsehair 2, ostrich feathers 1, minor articles 3. Here we see that the sheep-farmers produce more than one-half the total exports, and yet this industry was at first ridiculed, then over-taxed, and now exposed to destruction by the daily murder of our countrymen, at the hands of gauchos who have enjoyed perfect impunity since 1852.

Fifty eight million lbs. wool were exported: nearly one half (5|12) to Belgium, one-fourth to the U. States, one-fifth to France, one-tenth to England, and the rest in small lots.

Two million hides, ox and horse, dry and salted (three-eighths dry ox): Belgium and U. States took each almost a fourth (3-13); England one-sixth, Spain one-seventh, France and Italy each one-eighth. Most of the salted horse goes to England, of the calf skins to Italy, while the salted ox hides are divided between Belgium and England, and one third of the dry ox falls to the U. States.

Six thousand arrobas of tallow: England takes much more than half, France one-fifth, Belgium one-sixth, Cuba also takes a little.

Eighteen thousand tons jerked beef: almost evenly divided between Cuba and Brazil, being respectively as 4 and 3. Spain gets a small parcel of 500 tons

Four hundred thousand arrobes sheepskins: three-fourths to France, one fifth to England, the rest to Belgium.

Horsehair, 123 *thousand arrobes*: England two-fifths, France one-fourth, U. States one-fifth, Belgium one-eighth.

Ostrich feathers, 136 *thousand lbs*: France takes almost two-thirds, U. States one-fifth; Spain, Brazil and England small lots.

THE PARAGUAYAN LEVY

The 'Nacional' of Wednesday evening has an alarming article, respecting Argentine relations with Paraguay It says that President Mitre has fallen asleep, and that President Lopez is unceasing in his efforts to put his army on a war footing. Corrientes, our colleague says, is in danger. The Gran Chaco, we suppose, may be considered as lost; in fact, if we are to pay attention to the remarks of our colleagues, we should say the whole Republic is in imminent peril.

As we, however, profess to know infinitely more about Paraguay than the juvenile editors of the 'Nacional,' we take upon ourself the responsibility of contradicting in toto the statements of our colleague, and furthermore, to advise our readers that they should regard with distrust the apparent nervousness of the evening editors, who have established for themselves an unenviable reputation for shouting out wolf, wolf.'

It may be remembered that this same paper, about a year ago, nearly plunged the Argentine Republic into a war with England, in consequence of an imaginary invasion of Patagonia by the Britishers. Who has forgotten the feverish excitement which prevailed in this city, when the 'Nacional' passed from hand to hand, and the editors called upon President Mitre, in the most uninspired language, to send down the squadron to Cape Horn, or lose the territory?

Again, when the Foreign Ministers waited upon Mr. Elizalde, respecting the Flores' affair, do we not all remember how this self-same colleague fired up at once, told Argentines that their liberties were in danger, and that the only way to teach foreigners to respect the country was to send all the Foreign Ministers about their business, and declare war against all Europe?

When the French invaded Mexico, did not the 'Nacional,' true to its policy, insist on a coalition with Chile, and call upon President Mitre to send some of our National Guards to Vera Cruz, or Tehuantepec?

It being obvious that Argentines have no immediate interest in the Schleswig-Holstein affair, the editors of the 'Nacional' have been sorely pinched to find out where they could turn their attention, and, as a last resource, they have hit upon Paraguay

If such trash and nonsense, as that published in Wednesdsy's 'Nacional,' is to pass current. If people are to be forced into quarrels with their neighbours, by the incautious assertion of irresponsible parties. If the public is to be bamboozled by the nervous assiduity of Messrs. Damico and Keen then we should certainly say it behoves President Mitre to put his army and navy on a war footing, for we verily believe, that the next thing we shall read of in the 'Nacional,' is the probability of a war with the successor of King Maximilian

President Lopez, we all know, is recruiting some twenty thousand men; but so far from any hostile intention on his part, he is making this levy for the purpose of training up the youths of the country to obey their superiors and to work for their living; and this levy will enable the Government to discharge several thousand men, who are at present at Humayta and other garrisons, they having served their full time.

It is needless for us to observe that Paraguay, in a military point of view, possesses immense advantages over this Republic, since every one, who knows anything of the two countries, must be aware of that fact. The internal arrangements of that country are so complete, the concentration of power so effective, and the spirit of mutiny and insubordination so unknown, that Paraguay can laugh to scorn at those countries where power is decimated, disobedience to the authorities regarded as true liberty, and mutiny and insubordination are every day occurrences.

Paraguay has no interest hostile to ours; her trade and commerce does not interfere with ours, and save we are to follow out the principles of the old French Directory, and try to force upon the Paraguayans our system of government, we cannot see any other pretext for a row. The question of limits, which our colleague says will lead to a difficulty, can be most easily settled by the nomination of commissioners.

We know it, for a fact, that the policy of the Paraguayan Government is peace. And we also know that Argentine rulers, if they consult the interests of their country, should labour to make Paraguay rather an ally than an enemy.

EDITOR'S TABLE

The French packet at last arrived in port yesterday morning. The European news will be found in another column.

The members of Congress are arriving daily, and it is thought that the President will open the third Congress on the 9th inst. The new Congress Hall we believe will be ready for the occasion.

We are happy to learn that our friends Messrs. Calzadilla and Beare have at last finally settled with the Governor of Santa Fe for the lighting the city of Rosario with gas. They will commence operations at once, and if report be true these two gentlemen have also every prospect of getting a contract from the same Government for the paving the same city.

The state of the camps of Buenos Ayres we regret to say is every day becoming worse and worse. There exists such an utter impunity for crime that robberies and murders are now of daily occurrence in almost every partido Something must be done by the Government before matters come to a crisis. The Cabildo is we are told full of criminals, yet only once every six months we hear of an execution. The administration of justice in this country is so wretchedly defective that unless there is some radical reform at once introduced no man's life in the camp or town is worth an hour's purchase.

The people in Entre Rios are pushing ahead. The new bank is at last open; office hours from eight till three, and no smoking allowed.

Governor Dominguez was entertained at San Josè by his Excellency ex-Governor Urquiza, at a dinner party. All the distinguished people of Entre Rios attended, and the supply of carne con cuero was abundant. It is said, we know not with what truth, that the new Governor has sent a private agent to Paraguay.

The news at San Juan at last seems satisfactory. Governor Sarmiento has left for the United States: he has crossed the Andes, and will embark at Valparaiso for Panama. Mr. Rickard, it seems, has offered to buy up all the shares owned by the people in San Juan at par, which proposition, we believe, has been accepted, but ore is very scarce.

The Committee of the National Credit has at last despatched some claims—amongst others, we believe, that of Mr. Robert Nugent's will shortly be liquidated.

We are glad to learn that the Drag has been placed at Mr. Wheelwright's disposal, by the Government, for his Ensenada project. Captain Thomson was sent to San Pedro to fetch it down to San Fernando, where it will be overhauled, previous to its being towed to its destination.

By this mail we have received news of a company in formation, in England, to purchase land in some of the upper Argentine provinces. Al though it may be only a speculation, we receive such news with gladness, for it will bring fresh capital into the country, and draw closer our relations with President Mitre's 'great personage.' English gold.

"The Indian invasion at Azul is very alarming. The savages are now 12 days within our frontier, and it is feared a poor German land surveyor has fallen into their hands. Meanwhile rumour says that the 1st battalion is marching into town from 25 de Mayo, which would leave our frontier still more exposed.

The Artillery Battalion, we understand, has received orders to leave, for Martin Garcia. Has this anything to do with the *Nacional* alarm about Paraguay?

The Harrison-Mancilla concession has been finally signed, and Captain Harrison, we are told, will leave for Europe by next packet.

This French mail has brought us the best news for many a long day. If our politicians attached the same importance that we do to the Cordoba Railway, they should have ordered fireworks, bell-ringing, and a salute to Mr. Wheelwright's announcement.

Most of the new loan to the National Government has been taken by the River Plate Bank the rest by private merchants: interest, 18 per cent. per annum. It will be made in monthly sums of 200,000 silver dollars, beginning May 1st. The whole amount will be 1,500,000 patacons.

The Opera Elisir d'amore will be given to-night at Colon.

THE BUENOS AYRES PAPER-MAKING COMPANY,

(Limited.)

Capital, £50,000 Sterling, in 1000 Shares of £50 each.

PROSPECTUS.

The River Plate being now made known to English capitalists by the many new enterprises lately set on foot under most favorable auspices, an excellent opportunity offers for supplying Buenos Ayres and Montevideo with a *desideratum* which would, moreover, give most splendid returns to the *concessionaires*. This is a paper-mill, the requirements and advantages of which may be briefly set forth thus:—

1st. There are twelve daily papers, with a gross circulatition of 25,000 copies, in these two cities: add to these the periodicals and other publications consuming almost a like quantity, and we have 30,000 reams monthly, which enormous amount is at present imported from Europe, subject to a duty 17½ per cent ad valorem.

2nd. The quantity of rags in Buenos Ayes is more than sufficient for the purposes of the Casa de Moneda, and house keepers instead of selling them will actually pay a premium for their removal.

3rd. The Argentine Government will give immunities and a subsidy to this new industry, and the Municipality will devote a convenient site gratis

4th. The newspapers being most interested will take up three fourths of the shares, thus saving 35 p%. in freight, commission, duties &c. in the price of their paper.

4th The general public will be enabled to have cheaper papers and books, and as this will tend to the diffusion of useful knowledge, the enterprise may count on the sympathy and support of all good members of society

Offices – None, at present

N. B. A more complete prospectus will be issued, when the idea meets with patriotic support from those interested.

Nearly every newspaper in England has reviewed the Company's prospectus most favourably, and we doubt if we exaggerate when we say that for years no enterprise has been brought on the London Stock Exchange under more favorable circumstances, nor one which caused greater excitement amongst the railway men of England. The shares were immediately bought up at a premium, as will appear from the following remarks which we extract from the 'Money Market Review':—

"This undertaking is introduced under the powerful auspices of the General Credit and Finance Company, and the London Financial Association conjointly. The object is briefly to construct a railway about 247 miles in length, which will connect Rosario and Cordova, two of the most important cities in the Argentine Republic, and when completed will open up resources which will supply the European markets with a vast variety of produce. The Argentine Government attach so much importance to the early completion of this railway. that they have granted a concesssion of an unusually favourable character, a full statement of which will be found in the prospectus in another column. Mr. Thomas Brassey, Mr. George Whythes, and Mr Wm. Wheelwright—a powerful combination—in consideration of receiving in payment one-half of the lands granted and £6,400 per mile, the amount on which 7 per cent. interest is guaranteed by the Government, have undertaken the construction of the railway in conformity with the provisions of the concession. The contractors also undertake to pay 9 per cent. per annum interest on the deposit and calls until the Government guarantee comes into force as respects each section, and to work and maintain the entire line for two years after its completion at the same rate. The shares were quoted to-day 1¼ to 1½ prem.

THE NEW E. RIOS PRESIDENT

The 'Uruguay' of the 24th of April says:—

We have delayed until to-day to inform our readers of the result of the election of the Second Constitutional Governor of the Province of Entre Rios.

The citizen who has carried most votes is Don Josè M. Dominguez, at present Ministerial Secretary of the Government.

Sor. Dominguez is an old and faithful servant of the province, whose honor and patriotism no one can doubt for a moment, and is well fitted to direct the fate of heroic people.

During the long time that he has been at the head of one of the principal branches of the Provincial Revenue, and lately as Minister of the Interior, Sor. Dominguez has always done his duty, and given proofs of an honesty and patriotism far from common.

The people have done well in electing this citizen as their head. He well knows how to sustain, with that energy which springs from patriotism. the rights and liberties of this brave people.

Depending on the assistance of the majority, and the co operation of the illustrious General Urquiza, his rule will be that of order and peace.

Before closing these few lines, prompted by the enthusiasm with which the triumph of the law inspires all good patriots, we take the liberty of greeting General Urquiza on the occasion of his so grandly bowing to the law, which he has founded and sustained, and descending from his exalted post and mixing with the people.

Brigadier General Galarga obtained seven votes. He is an old patriot and a gallant soldier. General Basabilvaso, whose services in Entre Rios are well known, obtained one vote.

RULES

For the Blockade of the Enemy's Ports, and for the seizure and overhauling of the Enemy's Vessels, and other suspicious craft, by the Danish Cruizers.

We have been favoured with a copy of the rules and regulations issued by the Danish Government, of which the following is an extract:—

The pilots of the Sound and the Belts are ordered to hand a copy of the blockade ports to the captains of such vessels as may require their assistance. The blockade rules are much the same as have been recognised by civilised nations for several years past. Privateering is abolished, and only ships of the Royal Navy are allowed to overhaul vessels. All suspicious vessels will be detained, and under this head come vessels with double sets of papers, or papers seemingly false; vessels without papers, or vessels whose papers are suspected to have been thrown overboard; vessels with contrabands of war.

Seizures are to be made of vessels whose *whole* cargoes are contraband of war, but should only part of the cargo be contraband, the vessel shall be allowed to proceed on her voyage, after discharging, at the nearest port, the obnoxious portion.

Vessels resisting the examination with force, may be seized by the cruizers. Danish vessels recaptured from the enemy are to be considered as prizes.

Under the head of contraband of war comes no Argentine produce (not even police.)

The crews of any vessels taken belonging to the enemy shall be confined in a fortress as prisoners of war. Subjects of neutrals and friendly nations will be handed over to their respective consuls.

PARAGUAY TOBACCO.

London 23rd March 1864.

We have the following gloomy news, under the above date :—"The market for tobacco remains flat, and without material alteration since our last. The stock of Paraguay being much in excess, it has led to large forced sales, where prices ranged from 5 to 9 pence per lb., averaging about 7 per lb. We do not expect much, if any alteration in Paraguay for some time to come, as a further fall would induce speculative buying, and in the face of further arrivals and our very large stock an improvement of any consequence is neither to be looked for."

The last sales of Paraguayan tobacco in Buenos Ayres have been 200 bales, at the following prices :—Best leaf 24 silver reals, half leaf 19 do, pito 17 do.

The market, however, is very drooping, and, with the exception of one house, there are positively no buyers for exportation. The last sold was for the Rio Market.

ARGENTINE STOCKS.

On the 23rd March the B. Ayrean Six per Cents. were quoted at 92 to 94.

Do. Deferred, 37 to 39.

Buenos Ayrean Northern Railway, £10 £10½.

Buenos Ayres Advertisements.

Buenos Ayres, April 28, 1864.

To the Editor of the Standard

Dear Sir—Being a stranger in these parts, and also of an enquiring turn of mind, will you pardon my asking you a question.

In other countries, not so far advanced as this, it is customary for advertisers to state their whereabouts, but here such an absurd formula seems to be done away with. For instance, in your paper there is an advertisement of sheep to be disposed of on very favorable terms at Quilmes, "apply at this office." Not feeling interested in these playful quadrupeds myself, *I* did not apply, but several friends of mine, who indulge in dreams of fortunes to be realised from 'mutton,' have done so, and have all received the answer of "We know nothing about them." Now this is not satisfactory, and if the party in Quilmes really means business, why does he not put in an address—it looks remarkably like a bad hoax.

Again, in to-day's paper, an individual calling himself J. H. Jones calls a meeting of the Foreign Amateur Racing Society on Sunday next, and leaves out the same unimportant item, the place of meeting. My question is simply this—is there any motive for, or object to be obtained by this proceeding ? Yours, &c.,

? INTERROGATION.

A CRUDO.

LOCAL EVENTS.

Letter Writing—One of our native colleagues, whose name is an evil smell in the nostrils of respectable foreigners says, that "he has lately received letters from sundry respectable foreign gentlemen, representatives of wealthy commercial houses, praising him for the moderation displayed by him in his late numbers." The Editor has travelled in Europe, and has been hand and glove with the great ones of the earth (one of whom confidentially told him that "the press was the cockpit of barbarity," or something equally new and startling) so perhaps he may, in his journeyings, have met with the celebrated Englishman, Mr. Toots, late of Brighton, who was in the habit of writing letters to himself from the Duke of Wellington, Sir Robert Peel, and other notorieties, expressing their high opinion of his (Mr. Toots) character, and requesting the pleasure of his company to a family dinner at 9 p.m. Mr. Toots, although the originator of the dodge, is not the only one who writes complimentary letters to himself from "respectable and wealthy foreign merchants" As this dodge is getting stale, we would propose that the Editor get up a Testimonial to himself, and present himself with a magnificently ornamented mate. The ceremony would be truly *imposing* in every sense of the word. We expect to be invited to attend the ceremony.

Poetry—The 'Tribuna' of Thursday has 'a fable, after the German.' It is a very poor imitation—the longest word in the whole production has only nine letters—and yet that is called an *imitation*. To be at all like the German of Hartzenbusch, no word should contain less than eleven syllables, or fewer than eighteen letters. There is a signboard in Calle Potosi which has one word of 26 letters—that is something like a language.

Maritime News.—The Oriental brigantine Italia Libre, which entered Montevideo on the 27th inst. from Rio de Janeiro, reports having spoken on the 20th inst., in lat 35 deg. 10 m. S., and long. 51 deg. 10 m. W., the Brazilian brig California, bound from Paranagua for Buenos Ayres, with a cargo of yerba. On the 13th inst she (the California) was caught in a severe storm, but it is not known if she suffered any damage.

On the 20th inst, the cutter "Concordia, belonging to the pilot service, was totally lost in a creek of the Island of Gorriti—all hands saved.

The Oriental whaleboat Chiche del Este, with two pilots on board, and which was overtaken by a storm at sea, on the 2 th inst., has not yet been heard of—'T.M.'

Shameful affair.—On Wednesday night at 11 p.m, some truculent-looking vagabonds entered the confiteria at the corner of Bolivar and San Juan, and called for liquor—after drinking this they asked for more, which the confitero, seeing the state they were in, refused. They then smashed all the glass in the shop. The confitero ran for assistance to the teniente alcalde, Don Pedro Nicholson, who lives in the next house, and he succeeded in arresting the scoundrels. At this moment up came Alcalde Manuel Aguilar with his body of patrols (save the mark), and he set the fellows at liberty. This same Aguillar, on Good Friday last, was taken prisoner for having, whilst in a state of beastly drunkenness, been riotous in the same confiteria. Blessed country ! in which men men like Aguillar are alcaldes and police agents. Don Cayeton Cazon should take particular care of Aguilar, and raise him to the highest post of honor.—'Nacional.'

The native papers are gradually coming round to Standard ideas, as seen by the above, and if they continue in the good course Sor. Cazon may perhaps be soon advised to rusticate himself from his hotel in the plaza.

In the ancient Assyrian Kingdom, a party called Haman was raised by King Ahasuerus to a *very high post* for smaller services than those rendered by Alcalde Aguilar. Sor. Cazon might, with credit to himself and the country, take a leaf out of the book of the old heathen monarch.

Chivilcoy—The Provincial Government has donated the sum of 100,000 dols. m/c to the public schools of Chivilcoy, and in return the municipality of that partido has remitted to the Provincial Government 175,000 dols. m/c, being 20 per cent of the public lands sold there.

The Tevere—This steamer, in her last trip from Uruguay, was somewhat behind her time, owing to her having grounded on the Caracoles.

Markets.—The following country produce entered the different plazas on the 28th inst.—Cowhides 6119, horsehides 120, calfskins 29, sheepskins 1257 doz., horsehair 123 arrobes, wool 3467 do., wheat 388 fanegas, maiz 40 arrbs., deerskins 21 doz., mare's grease 276 arrobes.

Bolivia—The 'Porvenir' of Tucuman says that on the rupture between Chile and Bolivia being known the Bolivian political refugees residing in Tacna offered their adherence to the government of President Acha.

We are sure the Crudos and Cocidos of "heroic" Buenos Ayres would never be so mean as do such a thing as drop their pottering party politics were the country in danger. No, they have souls above such meanness.

Markets—On the 27th inst. the following produce was introduced into the various plazas—Cowhides 3648, horsehides 379, calfskins 34?, sheepskins 1378 doz., wool 11,126 arrobes, mares' grease 295 do, wheat 171 fanegas, feathers 6 lbs, maiz 56 fanegas, firewood 75 cartloads, straw 3000 bundles, pumpkins 3000.

ON CHANGE.

April 29, 1864.

On Change to-day there was a little more animation. Patacons opened at 28.60, and sold down as low as 28.50, after which they stiffened a little, and closed firm at 28.55. We notice a few time sales, at rates higher than those for cash. The time sales are as follows :—

For May 31st	101.200	at	28.60
Sept. 30th	1,000	—	28.50
June 15th	12,100	—	28.60

June 30th	3,000	} —	28.55
July 31st	3,000		
Aug. 31st	3,000		

In the early part of the day specie displayed great weakness, but later on it grew somewhat firmer.

The news, per French packet this morning, is regarded as rather favourable for our exporters. Hides, tallow, and wool are all very firm, with an upward tendency.

The introduction of the Argentine Central Railway Stock on the London Exchange, at a premium, was the cause of great rejoicing amongst all Mr. Wheelright's friends on the Bolsa, who have always preserved the greatest interest in the success of his enterprise.

SAVINGS BANK
BANK MAUA & Co.

No. 103 calle de Cangallo. —

BUENOS-AYRES.

The immense advantages of *Accounts Current* are now so generally felt, and appreciated in the two great emporiums of the River Plate—Montevideo & Buenos Ayres—that there are very few Merchants who fail to keep one at the Bank in which they place the most confidence

The Bank of Mauá & Co. in Montevideo has already provided for the working class in that city a safe & profitable depositary for their savings.

The sums deposited in that most important institution are daily increasing and already reach a very large amount.

These advantages have not hitherto been enjoyed in this city by an immense number of Clerks, artisans, working-men & servants of all classes & conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a *reserve fund* in case of *need, sickness* or *old age,* instead of spending them in the immoral gambling, in lotteries and other trivolities

The Bank of Mauá and Co. of this city following the example of their firm in Montevideo now offer the same facilities in this city and will open on the 1st October a "Savings Bank" at No. 103 calle Cangallo from 9 a. m. to 3 p. m. on week days, and on Sundays and holidays from 10 a. m. to 12 m. for the reception of the savings of the classes already mentioned.

The Bank will deliver to each depositor a Pass Book in which will be entered the amount deposited and withdrawn.

The depositor is permitted at *any time* to withdraw the *whole* or *part* of the sum deposited, in the former case the interest will be calculated up to date.

The Bank of Mauá and Co. is sufficiently known to the public by the benefit derived from the course of its operations which are regulated on the strictest and soundest principles and always directed to promote the general welfare.

The Bank of Mauá and Co. are also persuaded that this new branch of their business will render immense service to the working classes of Buenos Ayres and its neighbourhood.

Buenos Ayres September 19th 1863.

p. p. Mauá & Co.
WILLIAM LESLIE.

CONDITIONS.

1st. The Bank receives at interest any sum from *Twenty five dollars currency* or *one silver dollar* upwards.

2nd. The interest allowed is *six per cent* [6 p%] per annum which is liquidated every six months

3rd. The depositor can at any time retire the *whole* or *part* of the money deposited.

4th. Once the amount deposited exceeds *Twenty five thousand dollars currency* or *one thousand dollars silver* the depositor if he wishes can open an *account current* according to the rules established by the Bank.

5th. In case the depositor loses his Pass Book it can be replaced by another on paying *twelve dollars currency,* and advertising the loss in the public newspapers.
